With years of experience in providing anaesthesia for ophthalmic surgeries, he ensures smooth and pain-free procedures. Dr. Goyal is an integral part of the surgical team at Brar Eye Hospital, delivering dependable support with clinical precision and compassion.

[Dr P.S Brar Medical Director cum Chief Eye Surgeon](#)

Dr P. S Brar is the Managing Director of Brar Eye Hospital. Whatever we are today is due to his vision and foresight. He graduated in medical sciences from Dayanand Medical College & Hospital, Ludhiana and went ahead to complete his Diploma (DO) & Masters (MS) in Ophthalmology from the same institute. He served in PCMS for some time before opening a small hospital of his own. He realized it long back that Phacoemulsification was the future of cataract surgery and hence he went to learn Phaco from Dr Koch in USA &

Dr Amar Aggarwal in Chennai. He was the first eye surgeon of South Punjab to start this technique of surgery. Soon he also added Refractive surgery i.e. Lasik Laser to his hospital –again a first in Malwa region of Punjab. With this the hospital began to grow by leaps & bounds.

As a surgeon he is unparalleled & is one of the finest & fastest. He has participated in numerous National Conferences as an expert in his field and has performed live surgeries too. He regularly attends International conferences to update his knowledge & offer the best to his countrymen.

He is a very good human being, a man of great strength & character. He is a very well respected social figure and contributes whole heartedly towards various schemes for the upliftment of society.

Under his dynamic leadership the hospital is set to cross many a frontiers & milestones.

[Dr. Ajay Kapoor, Vitreo-Retina Surgeon](#)

Dr Ajay Kapoor did his basic medical education (MBBS) from Govt Medical College, Patiala and masters (MS) in Ophthalmology from Dayanand Medical College & Hospital (DMC &H) Ludhiana. He then spent a year in the renowned Rajender Prasad Centre (RPC) for Ophthalmic Sciences in AIIMS, New Delhi, learning the art and craft of Vitreo-Retina surgery from some of the finest retina surgeons of India. To further refine his surgical skills, Dr Ajay then pursued a fellowship under the guidance of Padamshree Dr T P Das in Advanced Vitreo-Retina surgery from the world renowned L.V. Prasad Eye Institute (LVPEI) Hyderabad.

He worked as a consultant and then headed the department of Vitreo-Retina from 2001 to 2007, at Venu Eye Institute, New Delhi- a one of its kind eye hospital of North India.

Dr Ajay is specially trained in the management of ROP from LVPEI. In collaboration with Sight savers International he ran a very successful ROP screening & treatment programme in Delhi.

He regularly presents papers and shares the dais with many luminaries of his field in various National Conferences.
